PROFESSIONAL CLEANING SERVICES

# ABOUT

## VERRI CLEAN

Verri Clean, under Verri Group Sdn Bhd, is a project-based cleaning contractor based in Kuala Lumpur, supporting projects across Malaysia.

We specialise in post-renovation cleaning, handover preparation, façade cleaning works, and commercial deep cleaning services for residential, commercial, and hospitality developments.

Our team is experienced in working within active construction environments where projects require strict timelines, detailed finishing standards, and large-area coordination. We work closely with site supervisors, contractors, and project management teams to ensure cleaning works are executed efficiently and aligned with overall project progress.

As cleaning is the final stage before inspection, handover, and occupation, we focus on delivering spaces that are inspection-ready, presentable, and completed to a professional standard.
